Subject: Microsoft settlement

Dear Attorney General Ashcroft:

It seems to me that the Microsoft antitrust suit has gone on long enough and has been subject to some questionable decisions. Microsoft has been a leader in its field and that always brings a certain amount of envy. The settlement agreement seems to be fair and I feel Microsoft has agreed to put some checks and balances in place to avoid the possibility of conflict in the future.

I am in favor of the terms of the settlement and hope you will consider an end to this expensive litigation and allow all parties to move on.

Thank you,
Jane Quirk
